### COMMENT

Meeting Attended:

I was not able to attend a meeting

Important Issues:

Land Use (Agriculture, Residential, Recreation), Water Resources (Floodplains, River Crossings), Radio or Television Interference, Noise, Health and Safety, Project Purpose and Need, Biological Resources, Proximity to Residences

Property Uses:

Agriculture

Comment:

To preserve the concerns checked above, the route I would support is the 230 kV line corridor just east of the railroad tracks. The other corridors considered would run right through the Hatchet Ranch and I am opposed to these options.

Thank you.
